CONSTRUCTION MANAGER CERTIFICATION INSTITUTE

Application Handbook
Welcome prospective candidates for the Certified Construction Manager (CCM) Certification!

The Construction Manager Certification Institute© (CMCI) has offered its CM certification program for more than 20 years and continually certifies more qualified Construction Managers than anyone else in the construction industry. Individuals, companies, and owners recognize the CCM certification as a sign of professionalism.

Certification programs assess individuals through peer-developed standards and competencies and provide a credential that is time limited. Certification exam assessments must be independent of any specific course or curriculum. Continued competency is required and enhanced through ongoing renewal requirements along with adherence to the certifications conditions and conduct agreement.

CMCI’s Board of Governors is responsible for oversight of the development and administration of the Certified Construction Manager certification (CCM®) program, and to ensure the credential meets high standards of ethical and professional practice for the construction industry, assuring the proficiency and competence of Construction Management professionals.

The CCM is accredited through ANSI-ISO 17024, which provides many benefits for the CCM certification process:

- Defensible and reliable examinations
- Increased value for the CCM credential
- Broader global recognition of the CCM
- Greater security and confidentiality for all CCM candidates
- Wider professional acceptance and marketability of the CCM
- Peer development and review with professional test development guidance

This handbook describes the Certified Construction Manager process, including:

- Steps to becoming CCM and the CCM application
- Guidance on applying for the CCM and fees
- Definitions and information about policies governing the exam
- Guidelines for taking the exam
- An overview of exam content outline and references
- Recertification: maintaining the CCM credential

This handbook also describes the procedures for all parts of the certification process. Many study resources are provided online at cmait.org to help familiarize candidates with the contents appearing on the comprehensive, multiple-choice exam.

INTRODUCTION

The Construction Manager Certification Institute©, Inc. (CMCI) is a not-for-profit corporation and a wholly owned subsidiary of the Construction Management Association of America, Inc. (CMAA). CMCI’s purpose is to serve the public and the profession of Construction Management through the establishment and maintenance of criteria and procedures for certification of Construction Managers. The operating standards, policies, protocols, and guidelines are listed here in the Institute’s Policies and Procedures Manual and in ancillary documents.

The mission of CMCI is to recognize through certification individual knowledge and experience that meet established practices of Construction Management. CMCI’s vision is to be the recognized authority in certifying managers of the construction process.

CMCI certification program is accredited through the International Organization for Standardization (ISO) 17024 certification of personnel as administered in the United States by American National Standards Institute (ANSI). This accreditation verifies compliance with requirements outlined in the internationally accepted standards for assessing personnel certification programs (ANSI/ISO 17024).

The Construction Manager Certification Program is one of the first personnel certification programs in the construction industry accredited by ANSI and is also one of the first ten programs to obtain the accreditation in the United States. ANSI is affiliated with the International Organization for Standardization (ISO), a non-governmental worldwide federation of national standards bodies operating in more than 160 countries.

ANSI accreditation of the CCM program gives assurance of its legitimacy to state and federal organizations, owners, and the general public.

Construction Management
CMCI is governed by a Board of Governors composed of professional Construction Managers who have volunteered to guide and administer all aspects of the CCM certification program.
DISCLAIMER
Construction Managers certified by the Construction Managers Certification Institute (CMCI) have met the standards for the CCM designation. Prior to granting the CCM designation, the CMCI reviews references furnished by the applicants. Applicants must pass a comprehensive examination.

Computer-based exams are provided at testing centers worldwide. The exam development and delivery are continually under review and improvement, utilizing subject matter experts under the guidance of professional exam development experts. This process enhances the level of credibility and defensibility of the CCM credentialing program. The agreement to abide by the CCM Conditions and Conduct is now part of the initial application and the Ethics, Grievance, Appeal and Discipline (EGAD) committee investigates violations, issues sanctions as warranted, and publishes sanctions on the CMAA website. All eligibility, applications, score reports, special accommodation requests and general inquiries regarding CMCI certification will be handled through the CMCI Office located in McLean, VA., U.S.A.

Successful achievement of a passing score on the CCM exam is required for an individual to earn the certification. Each candidate must demonstrate competence in the CMAA Standards of Practice and the CII Best Practices commensurate with the experience requirements established by the CMCI Board of Governors. In addition, all candidates and CCM certification holders are required to abide by the CCM Conditions and Conduct agreement.

CCMs are not employees of Construction Manager Certification Institute (CMCI) or the Construction Management Association of America (CMAA). CMCI and CMAA do not represent or warrant the quantity or quality of services provided to the users of the CCM’s services, as responsibility for delivery of such services rests solely with the individual certification holder.

STATEMENT OF IMPARTIALITY
The CMCI Board of Governors (BoG) and certification staff understand the importance of impartiality and conflicts in the management of certification activities. When undertaking dealings with members and non-members, all involved in the certification process will maintain a high level of ethical conduct and avoid conflicts of interest in connection with the performance of their duties. There shall be an avoidance of any actions and or commitments that might create the appearance of:

- Using positions for personal gain
- Giving preferential treatment
- Impeding efficiency
- Losing independence or impartiality
- Affecting adversely the confidence of CMCI constituents in the integrity of certification operations.

The BoG and certification staff will ensure that in its dealings with constituents that they are and will remain impartial.
CONSTRUCTION / PROGRAM MANAGEMENT DEFINED

CMAA defines Construction Management as a professional service that applies effective management techniques to the planning, design, and construction of a project from inception to completion for the purpose of controlling time, cost and quality.

Program Management is the practice of professional Construction Management applied to a capital improvement program of one or more projects from the program’s inception to completion. Comprehensive Construction Management services are used to integrate the different facets of the construction process - planning, design, procurement, construction and activation - for the purpose of providing standardized technical and management expertise on each project.

A professional Construction Manager (CM) manages the entire project and program with pre-planning, design, construction, close out and management expertise that can assure the best possible project outcome no matter what type of project delivery method is used.
STEPS TO CERTIFICATION

Applying for the Certification

There are four steps in the certification process:

1. Eligibility
2. Application
3. Candidacy
4. Examination

Applicants for the CCM must meet eligibility requirements prior to submitting their application.

Applicants may apply to become CCM certified by using the application online at cmaanet.org, or by mail; or by emailing; or faxing the application to the CMCI. Applicants must provide phone and email contact information to facilitate email in confirming receipt of application and any necessary phone contact during or following the application or examination process. Applications will not be processed unless all required information is complete on the application, references are received and application fee is paid in full.

Applicants will be required to provide references from at least two clients. These references must be able to confirm the applicant’s experience. Applicants must also submit a professional resume along with educational documentation, such as a copy of a degree or an official transcript. If experience is being used in lieu of the educational requirements, additional documentation will be required.

All applications are subject to audit by the CMCI Board of Governors.

Those applicants who meet the criteria will be “advanced to candidacy” and are thereby approved to take the CCM exam. CMCI will send the approved candidates instructions by email on how they may schedule their exam at the PSI Testing Centers.

CMCI expects the application process, advancement to candidacy, and successful completion of the examination to be completed in a timely manner. Applicants advanced to candidacy have up to one year to take and pass the exam. The one-year period begins on the notification date of application approval. Extensions beyond the one-year time period may be granted for reasons beyond the control of the candidate that adversely impact the candidate’s ability to take the exam such as medical issues, military service, etc. The candidate must make a written request for an extension and attach the appropriate supporting documentation verifying the reason for the extension for CMCI’s review and approval.
**Certification Eligibility Requirements**

Eligibility is determined based on the information supplied by the applicant in the application form, including the Qualifications Matrix, Responsible-in-Charge (RIC) Experience, Education or General construction/design experience, and Client References. The application is focused on ensuring that the criteria specified for Responsible-in-Charge CM experience are verified by the reference given by the applicant. This criterion must be met for applicants to be advanced to candidacy.

---

*Note: CMAA believes that all participants in projects and programs are responsible for always fulfilling their obligations in an ethical and professional manner, regardless of delivery system or contract method. CMCI permits professionals working for construction contractors to sit for the CCM exam if their personal experience meets the eligibility requirements and their owner references attest to their RIC experience and of course, their ethical conduct.*

---

The first step in the application process is to complete the eligibility form of the application. The applicant must acknowledge that he or she has the requisite of 48 non-overlapping months of experience being “Responsible-in-Charge” (RIC).

**Responsible-In-Charge**

The Board of Governors has defined Responsible-In-Charge (RIC) as follows: The candidate's experience must be recognized during project execution as a key part of a project delivery team. The candidate must have had sufficient accountability to assure direct responsibility for the supervision of the Construction Management staff, for project decision making, the delivery of Construction Management services and communication with and coordination of the other project participants, specifically owners, design professionals, consultants, suppliers, vendors and contractors.

---

*Tip on Determining RIC: Did the decisions the candidate was empowered to make directly impact the successful completion of the project and was the candidate directly responsible for and in charge of Construction Management services and for protecting the interests of the project and the owner?*

---

The 48 non-overlapping months of RIC experience in the domains of knowledge and skills, verified through references, are necessary for the applicant to move forward to completing the application.
Educational Requirements
The Board of Governors does not require formal education; however, a degree may be used in place of professional experience to accompany your RIC experience. If you choose to use your undergraduate or graduate degree in place of professional experience, the following are considered Qualifying CM degrees that are acceptable: construction management, construction science/technology, civil engineering, industrial engineering, mechanical engineering, electrical engineering, chemical engineering, architectural engineering, and architecture.

CMCI accepts degrees from post-secondary institutions with accredited degree programs from ACCE (American Council for Construction Education), ABET (Accreditation Board for Engineering and Technology), and NAAB (National Architecture Accrediting Board).

If you hold and wish to apply credit for a degree from a foreign country, it must be authenticated by an approved Foreign Degree Equivalency Evaluation company. The CMCI policy on evaluating international academic credentials is located on the CMAA website.

Application Review and Acceptance Process
Once CMCI receives the application and processing fee, staff will review the entire packet for completeness and adequacy. If there is any missing material or information in the application, a detailed status report will be e-mailed to the applicant. Once all the required supporting information has been properly submitted to CMCI, the Institute will send out the verification forms to be filled out by the applicant’s client references. After the CMCI office has received all the client verification forms from the references, they are reviewed by staff to ensure the information matches the application.

After the application is received with the required and supporting documentation, meeting all eligibility requirements and the payment has been approved, an “advancement to candidacy” email will be sent to the applicant, providing a unique CMCI ID number and testing instructions.

Application Procedures
CCM applications may be filled out online, printed and mailed, scanned and emailed, or faxed along with required documentation and payment as noted on the application. All signatures must be submitted by the applicant and statements in the application agreed to, as provided in the CCM application. Along with meeting the eligibility requirements, CCM candidates are required to agree to the Conditions and Conduct agreements as noted in the CCM Application.

Applications may be rejected for a number of reasons including: incomplete application; unsatisfactory references or lack of reference response(s); eligibility criteria not satisfied; application fee payments outstanding. A letter of explanation will be emailed to the applicant if his/her application is rejected. Instructions for initiating an appeal or a request for clarification by the applicant, will be included with the report specifying reasons for non-advancement. Please be sure to include all required documentation with your application to avoid denial and/or delay.
CMCI ID Numbers
Each applicant will receive a unique CMCI ID number once the application has been received. This ID number stays with the applicant throughout the examination process and as a Certified Construction Manager. Applicants should keep this ID number in a safe place.

Request for Examination
CMCI will send applicants approved for testing an email with information on how to register and schedule their exam. CMCI offers the CCM exam anytime a test center has availability.

After the exam date and location have been scheduled, the candidate may cancel the exam appointment up to 48 hours before the exam, with no fee, by contacting the PSI during business hours. If the candidate needs to cancel the exam appointment within 48 hours, there will be a $125 cancellation fee payable to CMCI.
Professional Testing Centers and Locations
CMCI exams are administered through the professional testing company, which provides state-of-the-art testing centers and services in the United States and internationally. All CCM exams are computer-based tests (CBTs). The testing centers incorporate state-of-the-art security and professionally designed testing environments.

Note: The physical addresses of all PSI testing centers are available on the website.

Applicants are strongly encouraged to ensure they know the exact location of the exam site, and to travel to the site prior to the exam date to prevent getting lost and arriving late. In addition, allow sufficient travel time to allow for unforeseen circumstances. Plan to arrive at least 30 minutes before your appointment. No-shows or late arrivals (which are considered no-shows) will NOT be admitted and will result in an additional fee and a requirement to reschedule as described under No-Shows or Late-for-Appointment.

Exam Appointment Scheduling and Rescheduling Process
A candidate’s approval information is sent from CMCI to the testing center at the time the eligibility approval (“advancement to candidacy”) email is sent to the candidate. The candidate will then schedule their appointment with PSI to take the examination. Candidates who are approved for testing have a one year window from the date they were notified by CMCI that their application was approved to take the exam up to three times.

To change the original exam center appointment, or to postpone or reschedule the testing appointment date or time, the candidate may do so through PSI. Candidates must reschedule or postpone exam appointments no later than 48 hours prior to the testing appointment to avoid additional fees.

Examination Scheduling
After candidates have been approved for the exam, they will receive notification of their eligibility by email. Candidates may schedule the exam by one of the following methods:

1. Online: Schedule a testing appointment online at any time by using PSI’s Online Application/Scheduling service at www.goAMP.com. To use this service, follow these steps:
   - Go to www.goAMP.com and select “Candidates.”
   - Follow the simple step-by-step instructions to choose your examination program and register for the examination.

2. By phone: Call PSI toll-free at 888-519-9901 to schedule an examination appointment from 7:00 a.m. to 9:00 p.m. (Central Time) Monday through Thursday, 7:00 a.m. to 7:00 p.m. on Fridays, and 8:30 a.m. to 5:00 p.m. on Saturdays.
When you contact PSI to schedule an appointment, please be prepared to confirm a date and location for testing and to provide your name and candidate identification number (from PSI's email scheduling notice). All individuals are scheduled on a first-come, first-served basis.

**No-Show or Late-for-Appointment Policies**
Candidates who are late or do not arrive for the testing appointment, or who do not cancel or reschedule their testing appointment as described in the Request for Examination section, will be required to re-apply and re-schedule the testing appointment through CMCI. Candidates must complete and submit a reinstatement application along with the reinstatement fee payments to CMCI, which fee includes the testing center seat fee.

Certain extenuating circumstances may be appealed to the Vice President of Certification at CMCI to avoid fees or re-applying. Examples include disaster resulting in an officially declared "local state of emergency," death of an immediate family member within 14 calendar days prior to the exam date (copy of death certificate or obituary must be provided for consideration of the cancellation and rescheduling fee to be waived), or sudden illness or injury. A doctor’s verification may be required.

**Retesting**
Candidates who do not pass the CCM exam may retake the exam two additional times, with a minimum waiting period of 45 days between each exam. This period allows the applicant time to adequately prepare for the retest and prevents over-exposure to the exam. Candidates must complete all attempts at the exam within one year from being approved to take the exam. After three unsuccessful attempts at the exam, the individual must wait a period of one year from the last exam attempt and restart the application process. Candidates must meet all eligibility requirements in effect at the time of any subsequent application.

*Note: The documentation required to retake the exam is a new Exam Registration Form along with a $125 retesting fee. Requests for retests without proper retest documentation will not be processed until all required documentation has been received by CMCI.*

**Application Expiration/Candidacy Duration**
Applicants advanced to candidacy are placed in active status and have up to one year to take and pass the exam. The one year time period begins on the formal notification date of advancement to candidacy. Extensions of active status beyond the one year time period may be granted for reasons beyond the control of the candidate that adversely impact the candidate’s ability to take the exam such as a medical condition, deployment for military service, etc. The candidate must make a written request for an extension and attach appropriate supporting documentation verifying the reason for the extension for CMCI’s review and approval.
Expired Application Processing (Re-application)
Candidates who do not take and pass the exam within the required one year time period or did not receive an extension from CMCI will be placed into a “suspended” status. A candidate may remain in suspended status for up to four years following the commencement of suspended status.

To change from suspended status to active status, the qualification criteria for candidacy must have remained unchanged from the time of submission of the original application. In addition, candidates must:

- Pay the reactivation fee at the time of the request for re-activation.
- Verify that the suspended application meets all current RIC Requirements without modification.
- Obtain CMCI approval.

Any candidate in “suspended” status who does not re-activate and pass the exam within four years of the formal notification date of advancement to candidacy will be required to submit a new application and all required fees.

Auditing of Applications
The Board of Governors has the right to audit all applications including all references supplied with the application, to verify the applicant's eligibility to take the exam. If a candidate does not supply at least two references, he or she will be declared ineligible.

Board of Governors Statement of Non-Discrimination
The CCM certification program does not discriminate among applicants on the basis of age, gender, race, religion, national origin, disability, marital status or sexual orientation.

Confidentiality
The Board of Governors and CMCI staff adheres to required best practices using strict guidelines for confidentiality of candidates, references, certificants, score results, and all certification related materials not otherwise deemed public information. All personal data including applications, payments, scores, and contact information maintained by CMCI or CMCI testing partners are stored in confidential electronic and hard copy files with access limited to authorized and designated staff. Studies and reports concerning candidates will contain no information identifiable with any candidate, unless authorized by the candidate. All board, committee, panel task force chairs, and members are required to sign a confidentiality agreement. CMCI staff and testing-service staff assigned to the CMCI account are also required to sign a confidentiality agreement. Release of any information requires written permission directly from the candidate or applicant unless otherwise required by law. If required by law to release confidential information, CMCI will notify the individual of the information that has been released.
Special Accommodations for Exams
There are two forms required: Request for CMCI CCM Exam Special Accommodations, and CMCI CCM Exam, Healthcare Documentation of Disability Related Needs. Applicants requiring special accommodations must complete both forms and submit them with their application information to the CMCI Certification Office no later than 45 days prior to the desired exam date. Requests for special testing accommodations require documentation of a formally diagnosed and qualified disability by a qualified medical professional who has provided evaluation or treatment for the candidate. Once an accommodation has been reviewed by CMCI, you will be contacted with the information regarding the status.

The Board of Governors complies with the Americans with Disabilities Act (ADA) and is interested in ensuring that no individual is deprived of the opportunity to take the exam solely by reason of a disability as defined under the ADA.
CERTIFICATION FEES

Application, Examination, Retesting, Reinstatement, No-Show, Recertification (Renewal), Replacement/Duplicate Certificates

The certification exam fee must be paid by providing credit card information on the application or online form or attaching a check at the time the application is submitted.

Note: Applying to the CCM program does not confer simultaneous membership in CMAA. The CCM program is operated by CMCI, independent of CMAA. For a list of CMAA membership benefits and for information on how to become a CMAA member, applicants should visit the CMAA website. CMAA membership is not required to apply for the CCM.

Examination Withdrawal or Refunding

In accordance with policy, the payment for the application and examination is non-refundable as noted in part 7 of the application.

Duplicate or Replacement Certificates

Duplicate or replacement certificates can be ordered through the CMCI Office for a fee. Duplicates/replacements may only be ordered by the CCM holder. Any change of address must be requested in writing from the CCM holder (email is satisfactory).

If the CCM has not received his/her certificate, the CCM must notify the CMCI office within 120 days of earning/renewing the CCM certification(s). If the CMCI office is not notified within 120 days, the duplicate certificate fee will be required.
CERTIFICATION USAGE AND RELEASE POLICIES

Opt-Out Policy
Limited information is provided publicly in the searchable registry of certified CM individuals located on the CMCI online registry. This information is limited to first and last name, state, country and email address. Anyone certified as a CCM who does not wish to have his or her information included in the online directory should contact the CMCI Office by letter or email at certification@cmaanet.org. Unless an opt-out is requested, the CMCI Office is required to respond to requests to verify certification of an individual to include name, current certification level(s), good standing or any current sanctions that may be in place and expiration date. The CCM registry contents are the property of the CMCI.

CMCI will not sell or rent contact lists of certificants. As part of the application and ongoing credential renewal process, the Board of Governors policies provide permission for certification staff, agents and contractors to contact certified CCM individuals by U.S. mail, electronic mail, and facsimile or via other media on matters limited to those that the Board of Governors believes may be of significant interest to a CCM. To be removed from the CCM mailing list, contact the CMCI Office by letter or email at certification@cmaanet.org.

Trademarks and Copyrights
The letter sequence, CCM, has been registered with the United States Patent and Trademark Office since December 25, 2007 as well as the term “Certified Construction Manager” since January 14, 2016. This registration indicates that the CCM designation “as used by authorized persons, certifies that professional Construction Management services are being rendered by persons who have demonstrated professional knowledge and competency in the field of program and Construction Management in accordance with the requirements and standards established by the certifier.” These trademarks are protected under U.S. and international law and any unauthorized uses are prohibited. Violators are subject to prosecution under applicable laws. In order to use the trademarks, individuals or organizations, must have prior, specific approval in writing from the certification office. If in good standing and having been awarded the CCM certificate/designation by CMCI, the certificant may represent himself as a CCM.

Address, Name or Contact Information Changes
Candidates and subsequent CCM certified individuals who have a change in their mailing address or contact information must notify the CMCI office in writing (email, fax or mail) to ensure that all records, score reports and certificates are sent to the correct address and received in a timely manner.

The CMCI issues certificates to successful candidates in their legal name, per their applications. Candidates who legally change their name must notify the CMCI office in writing. Name change requests should be mailed or emailed to the CMCI office. Please note that a notarized copy of official or certified documentation supporting the request (e.g., a notarized copy of a marriage certificate) must be included with the request. Requests received without official documentation will not be processed.
Verification of Credentials

The Board of Governors provides a searchable online CCM registry located on the CMAA website under Certified Construction Managers Registry or CCM Registry. In addition, individuals or organizations may request written verification of an individual’s registry status from the CMCI Office. Requests for verification may be made to the CMCI Office in writing, by fax, by telephone or by email. It is the responsibility of CMCI to verify certification information regarding those certified through the CCM certification program. Information provided online and in response to individual requests is limited to the following: first and last name, state, country and expiration date.

An individual certified as a CCM who does not wish to have his or her information included in the online directory should contact the CMCI Office by letter or email at certification@cmaanet.org. CMCI is obligated, however, to provide current certification status when contacted. The CCM online registry contents are the property of CMCI.

Administrative Complaints

Any individual applying for certification or recertification may file a complaint of an administrative nature. Administrative complaints include dissatisfaction with services including, but not limited to: not adhering to published deadlines; not providing information regarding fees, refunds, exam registration information, requirements for certification and recertification, Conditions and Conduct, etc.; failure to administer the examination; or general dissatisfaction with services related to certification.

Complaints must be submitted in writing, utilizing the Administrative Complaint Form, to CMCI within 5 business days following the date on which the individual encountered the service leading to the complaint. Complaints received beyond the deadline will not be considered.

Upon receipt, CMCI shall review the complaint and acknowledge receipt of the complaint to the complainant. Complaints not falling under the categories established as “Administrative” shall be considered invalid and no further action shall occur. The complainant shall be informed of this within 2 business days. CMCI has 5 business days following the date of receipt of the complaint, to investigate the complaint. Within 2 business days of completion of the investigation, the complainant will receive a response, and if the complaint is valid and actionable, the complainant shall be notified of the redress, if any. Redress shall be proportionate to the nature of the complaint and shall be granted on a case-by-case basis. All decisions of CMCI are final.

Complaints related to examination content, examination administration irregularities, and alleged violations of the Conditions and Conduct are handled through separate complaint processes.
ABOUT THE EXAMINATION

The Exam

The CCM examination is currently only being offered in the English language. The examination is comprised of questions with four response alternatives (A, B, C and D). One of these represents the single best response and credit is granted only for selection of this best response. Candidates are currently allowed 300 minutes to complete the exam. Candidates who finish in less than the allotted 300 minutes may leave the exam room when done. There are 200 questions on the exam but only 175 questions are scored. The remaining 25 questions are pilot questions being beta tested for use on future exam forms. The 25 un-scored pilot questions are not identified to the candidate and are randomly mixed within the exam.

The examination assesses general knowledge of design and construction in CMAA’s Standards of Practice and CII’s Best Practices Guide.

The CCM exam is a computer-based test (CBT). There is a brief optional on-screen computer-based tutorial just prior to starting the exam and a brief online survey at the end of the exam. The time allotted to complete the tutorial and survey is not included with the 300 minute exam time.

The exam questions are based upon a Construction Manager Job Task Analysis from which the Exam Content Outline is created. Questions are written in a format that evaluates a candidate’s ability to perform the job tasks of a CM as listed in the Exam Content Outline rather than solely on the basis of knowledge recall or memorization of facts.

All exam questions are written by individual Certified Construction Managers whom CMCI deems subject matter experts, reviewed and validated by both test development experts and other subject matter experts. As with other professional credentialing exams, the exact questions cannot be revealed; however, the Exam Content Outline, primary references, and tips on how to prepare are available in this handbook.

CCM Exam Content Outline Process

To create this exam, a group of volunteers participated in a study to identify the major categories (domains) for the certification examination and topics within each domain based on the jobs and tasks a certified individual might perform. These categories and topics have already been organized into an Exam Content Outline (a complete test outline, including the percentage of each content area covered on the overall test), approved by the Board of Governors.

Exam Security

All exam materials are the property of CMCI. Removal of any material from the exam room by any applicant or unauthorized persons is prohibited. Copyrights for the CCM exam are owned by CMCI. Any attempt to reproduce or disclose all or part of the exam is prohibited by law unless written permission is obtained from the CMCI Board of Governors.
Exam Content Outline
The CCM exam specifications were developed by combining the importance, criticality, and frequency data obtained from the Job Task Analysis. The resulting data were converted to percentages and the percentages were used to determine the number of questions related to each domain and task that should appear on the multiple-choice CCM examination. The test specifications in the table below list the Domain, Task and the percentage of the test included in each domain.

Appeal Policies
Appeals concerning certification can be made for:
- Exam
  - The technical accuracy and grading of the exam questions
  - Fairness of the execution of the certification testing procedures or application procedures
- Application Review/Eligibility
  - Clarification on project experience
  - Qualifying degree requirements
  - Reference selection
- Certification Renewal
  - Acceptance of recertification points

Requests for an appeal must be made no later than 30 days after the action in question has occurred. Within 60 days of the receipt of the written appeal, the Ethics, Grievance, Appeals and Disciplinary Committee (EGAD) or Board of Governors will conclude its deliberations and notify the appellant of the decision of the Board of Governors by letter or email. Individuals who wish to submit an appeal must have first exhausted their remedies with CMCI staff.

If an applicant or candidate wishes to appeal, he/she may use the CMCI Appeals Form located in the CCM resources page of the CMAA website or may submit an email via email or in writing to certification@cmaanet.org.
For the Day of the Exam
Candidates should report to the exam center on the day of exam as instructed in their appointment confirmation letter and plan to arrive at least 30 minutes prior to the appointment time. Candidates must check in by providing two forms of valid ID, one of which must be a government-issued photo ID with signature (driver’s license, government-issued photo ID or passport). **THE FIRST AND LAST NAMES ON THE PHOTO ID MUST MATCH EXACTLY THE NAMES SUBMITTED ON THE APPLICATION OR THE CANDIDATE CAN BE DENIED ADMISSION.**
Candidates can make changes to their names by contacting CMCI ([certification@cmaanet.org](mailto:certification@cmaanet.org)) prior to scheduling their exam appointment.

**Note:** Anyone who arrives after the assigned testing appointment time will be considered “absent”, will not be admitted and in order to take the exam, will be required to contact CMCI and pay the reinstatement fee.

For ID purposes at the testing center the candidate must fulfill ONE of these options:

1. **Valid Passport Option**- For the exam application and certification process, candidates should use the name as displayed on a valid passport. For ID purposes at the testing center, the candidate must present a valid passport which matches the exam application and eligibility notice.

2. **Government Issued ID and one other ID Option**- The standard Pinyin English translated name must be used for the exam application and certification process. For testing center identification purposes, **both** a valid government issued National ID for the photo verification and either a valid credit card or military ID that has a matching signature to the name on the National ID for the signature portion of the verification of ID must be provided by the candidate. Testing center staff will verify that the standard Pinyin English translated names on the two presented IDs match the exam application/eligibility documents.

**Note:** Candidates will not be admitted to take the exam if any of the above requirements are not met. Candidates who are not permitted to test due to violation of the above agreement will forfeit their exam fee, and must pay a reinstatement fee in order to reschedule another exam date.

The examination software monitors the time candidates spend on the exam. The examination software will terminate the exam if candidates exceed the time allowed. The candidate may click on the “Time” box in the lower menu bar on the screen to monitor the time. A digital clock indicates the time remaining to complete the exam. The Time feature may also be turned off during the examination.
Prior to taking the exam, when logging in on the testing center computer screen, the candidate will be required to read and agree to the CMCI terms and conditions.
Prior to the exam, the test center will provide the candidate with three pieces of scratch paper, and a pencil. Candidates will also be provided an on-screen non-scientific calculator.

Candidates are not allowed to bring anything else into the testing room. Secure lockers are provided to candidates to store their personal items while taking the exam. The following are \textbf{NOT PERMITTED} in the exam room or center:

- slide rules, dictionaries or other reference materials
- telephones, signaling devices such as pagers, cell phones
- alarms or recording/playback devices of any kind
- photographic or image copying devices
- electronic devices of any kind
- jewelry or watches (time will be displayed on computer screen and wall clocks in each testing center)
- caps or hats (except for religious reasons)
- No exam materials, notes, documents, or memoranda of any kind are to be taken from the exam room. Questions concerning the content of the exam will not be answered during the exam. Listen carefully to the instructions given by the supervisor and read all directions thoroughly.

The supervisor may dismiss a candidate from the exam for any of the following reasons:

- If the candidate’s admission to the exam is unauthorized
- If a candidate creates a disturbance or gives or receives help
- If a candidate attempts to remove exam materials or notes from the testing room
- If a candidate attempts to take the exam for someone else
- If a candidate, during the exam, discusses any part of the exam with someone else
- If a candidate has in his/her possession any item excluded from the exam center as specified above
- If a candidate exhibits behavior consistent with memorization or copying of exam items

Restroom breaks are permitted but are included as a part of the 300 minutes allotted for the exam time. Eating, drinking or smoking is not permitted in the Test Center.

Any individual who removes or attempts to remove exam materials including memorizing exam questions or is observed cheating in any manner while taking the exam will be subject to disciplinary and/or legal action. Sanctions could result in removal of the credential or denial to apply for the CCM credential.

Any unauthorized individual found in possession of exam materials will be subject to disciplinary procedures in addition to possible legal action. If the individual is a Certified Construction Manager, sanctions could result in the removal of certification.

Candidates in violation of CMCI testing policies are subject to forfeiture of exam fee, in addition to disciplinary and/or legal action.
Summary of Scoring Process

The passing score is determined by a statistical formula and may vary among the test iterations. The exam is designed only to distinguish those who have the basic level of knowledge from those who do not. There is no evidence that someone who receives a very high score on the exam will perform significantly better on the job than someone whose score falls exactly at the passing point. Therefore, if one passes the exam, he or she will be informed only that the examination stage has been successfully completed.

Applicants who fail the exam will be notified of their score and a diagnostic report showing their performance in each content area. This information is provided to aid in planning study efforts for future exams and deciding whether to retake the exam.

All exam results are confidential and will only be released to the examinee. Permission in writing must be obtained by the examinee for CMCI to release exam results to another party.

The Board of Governors is concerned with reporting only valid scores. On rare occasions, circumstances may invalidate exam scores. The Board of Governors reserves the right to cancel or withhold exam scores if there is any reason, in the sole judgment of the Board, to question their validity.

Doubts may be raised about the validity of candidates’ scores because of suspected misconduct; in such circumstances, candidates shall fully cooperate in any investigation. Some scores may be rendered invalid due to circumstances beyond candidates’ control, such as faulty exam materials or time keeping errors. In this rare event, retesting may be arranged.

Following certification best practices, as a final check and balance, actual field results of exam questions are analyzed periodically and occasionally necessitate rescoring of the exam. If a rescore occurs and results in a change in status from a fail to pass, the CMCI Certification Office will notify the candidate.

EXAM PREPARATION

Board of Governors Position on CCM Exam Education and Training
The CMCI Board of Governors believes that as a credible credentialing organization, it should facilitate appropriate preparation of candidates for the CCM exams. CMCI, under the requirements of the ANSI ISO 17024 standard, can recommend appropriate exam preparatory materials and other programs and services as allowed by those accreditation requirements and will continue to work with other stakeholders to encourage educational and training programs in assisting candidates with attaining knowledge, skills and abilities as Construction Managers.

CMCI and its Board of Governors do not accredit or endorse any particular training course or source of education as a guarantee of success on the CCM exams.

CMCI and its Board of Governors in keeping with the accreditation requirements of the ANSI ISO 17024 standard, do not link any training or education programs or any other educational provider’s educational programs offered, to facilitate obtaining a CCM credential.

The Board of Governors provide as public information, a CCM Application Handbook, an exam content outline, a primary reference materials listing, and other materials online at cmaanet.org. These are CMAA recommended materials that may help individuals better prepare for the CCM exam. The list and information provided is not intended to be inclusive of all potentially useful resources, nor does inclusion on this list constitute an endorsement by the Board of Governors. The Board of Governors does not endorse any particular reference as being completely accurate and encompassing and it is recommended that applicants utilize varied resources in the process of preparing for the exam.

Experience indicates that candidates who participate in formal training programs emerge better prepared for their professional positions as Construction Managers and as qualified candidates for the CCM certification exam than those who do not.
CMAA Recommended Study Materials for the CCM Exam

Many people want to know about CCM exam preparation. Please keep in mind that CMAA is not your only avenue for test preparation, and that there is no single publication or class that will guarantee that you will pass the exam. None of the recommendations below are considered CCM Exam test preparation courses. However, CMAA’s body of knowledge lends itself well to the *Standards of Practice*. Here are some suggestions on where to begin:

1. **CMAA Professional Construction Management Course** (instructor-led course). Check the CMAA website for information on the most recent course schedule.

   - Information on the online self-paced training modules can be found here.

   - For book spell out, we recommend the **CMAA CCM Study Kit** (included if you attend the in-person **Professional Construction Management Course**).

*Note: Refer to CMAA’s most current catalog and website for course descriptions and schedules.*

All applicants may choose to purchase publications to prepare for the CCM exam on their own through CMAA or other resources. For a full list of publications, please refer to the **CM Core Competencies (Body of Knowledge)**.

CMAA offers a **CM Standards of Practice Study Kit** which contains the following publications (also listed below): CMAA Capstone; Standards of Practice; Agency and At-Risk Contract Documents; Time Management Procedures; Cost Management Procedures; Quality Management Guidelines; Contract Administration Procedures; and, CII Publication IR166-3 Best Practices Guide.

CMAA publications are offered at CMAA member and non-member rates. For additional information on pricing for CMAA publications, please go the [CMAA website](http://www.cmaanet.org) or contact [info@cmaanet.org](mailto:info@cmaanet.org) or call (703) 356-2622.
Key publications and primary references:

Study Kit
- CMAA Standards of Practice
- CMAA Agency Series Contracts
- CMAA CM At-Risk Contracts
- CMAA Capstone: The History of Construction Management Practice and Procedures
- CMAA Contract Administration Guidelines
- CMAA Time Management Guidelines
- CMAA Quality Management Guidelines
- CMAA Cost Management Guidelines
- CMAA Sustainability Guidelines
- CMAA Risk Management Guidelines
- Construction Industry Institute (CII) Publication IR166-4 Best Practices Guide

Others (not all inclusive)
- Construction Industry Institute (CII) Publication IR166-3 Best Practices Guide
- CPL 2-0.124 – Multi-Employer Citation Policy, United States Department of Labor, OSHA, OSHA Instruction.
- Employers Rights and Responsibilities Following an OSHA Inspection, United States Department of Labor, OSHA, Publication 3000, Revised 2003.
- Job Hazard Analysis, United States Department of Labor, OSHA, Publication 3071, Revised 2002
On the day of the Exam

- Plan to arrive at the site of the exam the night before the exam, unless you live in the locale of the exam center (i.e., no more than one hour driving distance), and get a good night’s rest.
- Candidates should actually go to the physical location of the testing center prior to the exam to ensure exactly where to go and how to get there on the day of the exam and allow extra time for unforeseen events such as traffic and flat tires. This will help reduce unnecessary stress.
- Eat a well-balanced meal prior to reporting to the exam center on the day of the exam, but limit the amount of stimulants you ingest (e.g., caffeine, sweets ...).
- Be at the exam site at least 30 minutes prior to the scheduled start time for registration processing.
- Read and follow all instructions carefully.
- For best results, pace yourself by periodically checking your progress. This will allow time to make necessary adjustments. Remember, the more questions you answer, the better your chance of achieving a passing score. If you are unsure of a response, eliminate as many options as possible and choose an option from those that remain. You will be allowed to mark questions for review prior to the end of the exam.
- Be sure to record an answer for each question, even if you are not sure the answer is correct. All questions are of equal weight. Avoid leaving any questions unanswered; marking an answer to all questions will maximize your chances of passing. There is no penalty for guessing and each correct item counts one point.
Preparation and Testing Tips

**Step One: Self-Assessment**
The first step to prepare for the exam is a self-assessment of your readiness:

- Can you fulfill all of the duties of a Construction Manager?
- Do you have the knowledge expected of a Construction Manager?

**Step Two: Review of Exam Topics**
Review the exam content outline from two different perspectives:

- Which content areas represent the greatest number of test questions? The greater the number of possible questions on the exam, the more focus you need on these topics to prepare for the exam.
- How does your current knowledge and skill compare to these content areas? Are you strong in some but weak in others? If you have had extensive training and/or experience in a specific area, you may decide that your focus should be on the areas that are less familiar to you.

Your analysis of these two questions will help you decide where you need to spend your study time.

**Step Three: Define Difficulty Level**
It is hard to define difficulty levels, as what may be easy for some may be harder for others. Some topics may also seem broad in scope. Here are some tips to help you gauge the scope of the topic:

- Revisit the credential description and the eligibility requirements, if any. Is it expected that someone with this level of experience would be able to do this task at this level? Using the full duties/tasks/steps document from the Exam Content Outline located on the CMAA website, explore each topic by reviewing the skills, knowledge and tools and equipment required to do the work appropriately to help you determine to what level you need to prepare.
- Correlate suggested reference works against the topics. What level of difficulty do they represent?
- Review sample questions.

**Step Four: Determine your Learning Style**
How do you learn? Are you a hands-on learner? If so, attending a classroom course or working with a mentor with plenty of opportunity to discuss concepts may be best for you. Online courses are helpful for people who don’t have time or resources to travel to a classroom course, and who enjoy the opportunity to repeat lessons until they feel comfortable. You may prefer a reference book that you can highlight and annotate. You need to determine the best method for you and use the reference materials to help you prepare appropriately.
PROFESSIONAL ETHICS AND DISCIPLINARY POLICIES

CCM Condition, Conduct and Disciplinary Policies
As a credible credentialing organization, the Board of Governors is committed and obligated to protect and defend the credentials provided by CMCI. Every candidate and Construction Manager certified through the Board of Governors must adhere to the CCM Conditions and Conduct. When it is believed that a CCM has violated this CCM Conditions and Conduct, the first step is to complete the Professional Discipline Complaint Form. The form may be obtained by calling or writing to the CMCI Office.

The Professional Discipline Complaint Form must be completed in its entirety, signed, and submitted with any documentation to:

Construction Manager Certification Institute
7926 Jones Branch Drive, #800 | McLean, VA 22102
703.356.2622 (o) | 703.356.6388 (f)

Please include all suitable documentation in support of this complaint. Upon receipt, the Ethics, Grievance, Appeals, and Disciplinary Committee (EGAD) of the Board of Governors will determine whether an inquiry can be initiated under its authority. Please understand that the EGAD Committee will consider matters regarding possible violations of the CCM Conditions and Conduct including falsification of applications.

The EGAD Committee shall have the power to, but shall not be obligated to, investigate all allegations of unprofessional and unethical conduct that may be harmful to colleagues, owners, clients, the public, or that otherwise may be contrary to the objectives of the CCM Conditions and Conduct provided that such allegations are made in writing and are signed by the complainant. If, during the course of its investigation, the committee determines there may be additional violations of the code, the committee may investigate and reach appropriate findings regarding such additional violations within the Certified Construction Manager Rules and Procedures Regarding Ethical and Professional Discipline Complaints.

The EGAD Committee reports findings to the Board of Governors, publishes sanctions and shall also at least annually review the CCM Conditions and Conduct and the Certified Construction Manager Rules mentioned above to ensure that the integrity, professionalism and competency of those certified through the CCM program are suited to the needs of CMCI and the Construction Manager profession.

Matters involving fraudulent use of the credential and/or trademark or copyright violations will be investigated and aggressively pursued by CMCI and its Board of Governors.
Breaching the Conditions and Conduct Agreement

Any individual found to have breached the Conditions and Conduct agreement is subject to revocation of CCM status. Information on a certified professional supporting a complaint of noncompliance may be submitted from any source. A complaint in writing received by the Certification Program will be referred to the EGAD Committee for investigation.

Anyone looking to submit a complaint may do so in writing to certification@cmaanet.org.

Following receipt of an official notice of noncompliance from CMCI, the CCM will have a 30-day period in which corrective action or response to the satisfaction of the EGAD Committee may be taken. If an appropriate response has not been received or the required corrective action has not been taken, the Committee will formally notify the CCM by letter of revocation of the certification.
CCM Application Conditions and Conduct

All applicants must agree to abide by the Conditions and Conduct Agreement:

- I hereby certify that I have read all portions of the CCM handbook and application and believe I am in compliance with all policies related to the CCM examination.
- I attest that I will adhere to CMCI’s Professional Conditions and Conduct and understand that any false statement or misrepresentation that I may make in the course of the application process may result in the revocation of this application and/or certification.
- I have not been found by a court, federal or state agency or registration board to have violated the law in the conduct of my Architecture/Engineering/Construction (AEC) or CM-related practice or to have engaged in conduct which disregards the rights of others.
- I affirm that the information I submit on this application and any documents I have enclosed or forwarded, are complete, true, and correct to the best of my knowledge and belief.
- I authorize the CMCI Board of Governors (“Board” or “BOG”) to obtain any background information necessary to verify the accuracy and completeness of my responses to all questions contained herein.
- The Board reserves the right to cancel or withhold exam scores if there is any reason, in the sole judgment of the Board, to question their validity.
- I fully understand that this is only an application for examination or recertification and does not guarantee the certification.
- I attest that I will adhere to CMCI’s Conditions and will fully cooperate in any proceeding involving an alleged violation of the Standards or Professional Code. I have and will not make any false statements or misrepresentations using the CCM designation.
- I will make claims regarding certification only with respect to the scope for which certification has been granted. I will not use the certification in such a manner as to bring the certification body into disrepute; and I will not make any statement regarding the certification, which the certification body may consider misleading or unauthorized; and I will not and have not used the CCM certification in a misleading manner.
- If my certification has been suspended or withdrawn, I will discontinue the use of all claims to certification, will not mislead anyone and I will return any certificates issued by the certification body.
- I understand that the Board may audit my application to verify experience or education either prior to or after an examination is taken, or after the results are announced. I agree to cooperate with the audit and further understand that providing false information for verification of experience or education, or having others do so, is a violation of the CCM Conditions and Conduct and may result in sanctions.
- I agree that CMCI is the sole owner of the CCM certification designation, and my use of the designation is pursuant to a revocable, non-transferable license from CMCI. I will not take any actions which are inconsistent with CMCI’s ownership rights, including challenging those rights.
- I understand that CMCI may make changes to the CCM certification program by its sole discretion, including with respect to eligibility, criteria, recertification, fees, and continuance or discontinuance of the program.
• I agree to inform the CMCI immediately of all changes to the information included in this application while I am an applicant, and for as long as I am certified by the Board.

• I hereby release from liability, and forever waive any claims, including claims for defamation, restraint of trade, breach of contract, and interference with business or contractual relations, unless due to the bad faith and malicious conduct of the person sought to be held liable, based on or arising out of the CCM certification program, including but not limited to denial or revocation of certification, that I may have against CMAA and CMCI, and their respective governing board members and employees. I further agree that, notwithstanding the foregoing, should a claim be permitted to be brought against CMAA, CMCI, or any of their respective governing board members or employees, the limit of their liability and extent of my recovery shall be any registration or application fees paid by me to CMAA or CMCI related to certification.

• I agree that this Application shall be interpreted and governed by the laws of the Commonwealth of Virginia, without regard to conflicts principles, and exclusive jurisdiction for any legal proceeding resides in federal or State court in Northern Virginia, and the parties agree and expressly consent to the exercise of personal jurisdiction in the Commonwealth of Virginia.

• I agree that no association, agency, apparent agency, employer/employee relationship, partnership, or joint venture is created by virtue of issuance of the CCM designation to me by CMCI or CMAA.

• I possess the knowledge and skills defined by the Board of Governors in adherence to the certification criteria and will notify CMCI immediately should I be unable to perform the skills or lack the knowledge required to achieve or maintain the Construction Management Certification.

• I understand that if successful, I will be listed in the online CCM registry; however, if in the future I should not want to continue to be listed in the CCM registry, I will send an email stating such to certification@cmaanet.org.

• I agree to give permission to the Board, and its agents and contractors, permission to contact me by U.S. mail, electronic mail, facsimile, or through other media on matters that CMCI and CMAA believes may be of importance to me. Should I wish to be taken off the certification mailing list in the future, I will send an email request stating such a request to certification@cmaanet.org.

• I hereby attest that I am personally signing this application and that I will be the individual taking the CCM examination I have applied for, solely for the purpose of becoming a CCM. I further understand that I am prohibited from transmitting information regarding examination questions or content in any form to any person or entity and understand that failure to comply with this prohibition may result in my certification being revoked and/or legal action being taken against me.
MAINTAINING YOUR CCM

Renewal Policy
To maintain the integrity and value of certification in our dynamic design and construction industry, CCM designated individuals must renew their certification every three years by further professional development. The CCM holder must submit a Certification Renewal Application to the certification office every three years with the required information and a renewal fee.

CCM certification renewal is based on the accumulation of points earned through various activities. A total of 25 points are required every 3 years along with payment for the renewal fee.

Note: It is critical to notify the certification office of any email or other contact changes while maintaining your certification. While CMCI is not required to contact credential holders, this is the only way the certification office may attempt to notify you of an upcoming expiration date or other critical information.

- Points for all professional development activities must specifically relate to Construction Management.
- Recertification points can be earned any time after the date appearing on the individual's CCM certificate.
- No points may carry over from one 3-year period to the next or among categories.
- Recertification forms will be sent approximately 30 days prior to being due.
- Recertification forms are due by the end of the month before the anniversary month.
- Recertification forms may be submitted once the 25 renewal points, 3-year requirement has been met.
- Recertification forms are retained for 3 years.
- The renewal fee must be paid to maintain your registration.
- Recertification will be reviewed by the CMCI staff. If there is an outstanding question, then CMCI will send the Recertification form to the Recertification Committee for review and response on the status of the application.

CMCI has outlined multiple options for CCMs to earn Renewal Points towards their renewal. The chart can be found in the Renewal Handbook. CMCI also provides all CCM credential holders with an optional free online transcript to help keep track of the courses, seminars and webinars taken towards their recertification.

Other CMCI CCM Certification Program Recognition
The CMCI CCM certification program is also approved by the United States Veteran’s Administration for reimbursement to veterans under the GI Bill.
Guidelines for Completing the CCM® Application

Please use this guide as you complete the application form. If you have any questions or concerns as you prepare the document, please call the Certification Office at 703-356-2622. The application process consists of seven (7) sections. Please complete them in the order presented. The first determines your eligibility. Once that is established, complete the Qualifying Matrix. If you have the requisite experience, you may then submit the application.

Section 1: Applicant Information
Please fill out the following forms, tables and provide the answers sought, also please provide the best way to contact you outside of your company.

Section 2: Basic Eligibility
This section will show whether or not you need additional experience beyond the required 48 non-overlapping months of RIC experience or if you have formal qualifying education instead. The Board of Governors does not require formal education; however, it may be used in place of professional experience to accompany your RIC experience. If you choose to use your undergraduate or graduate degree in place of professional experience, the following are considered Qualifying CM degrees that are acceptable: construction management, construction science, civil engineering, industrial engineering, mechanical engineering, electrical engineering, chemical engineering, architectural engineering, and architecture.

CMCI accepts accredited degrees from post-secondary institutions accredited by organizations recognized by the United States Department of Education or CHEA (Council for Higher Education Accreditation). ACCE (American Council for Construction Education), ABET (Accreditation Board for Engineering and Technology), and NAAB (National Architecture Accrediting Board) are the primary accrediting organizations for engineering, architecture, and Construction Management degree programs. If you have and want to get credit for a degree from a foreign country, it must be authenticated by a CMCI approved Foreign Degree Equivalency Evaluation company based in the United States.
**Note:** The Institute’s Governors have passed a policy on the evaluation and submission of international educational credentials. Please see the Applicant’s Resources page of the CCM [website](#). International applicants must follow these procedures in completing the application.

If you do not hold a formal degree, you will be required to document at least eight (8) additional years of general construction or design experience on page two (2) of the application to accompany your 48 non-overlapping months of RIC experience.

**Section 3: Employment Information**
You are required to attach your current professional resume to complete this section as well as providing information on your current employer. If you are using experience in lieu of formal education, you must fill out a minimum of eight (8) additional years of employment information within the construction or design industry.

**Section 4: Verification of Responsible-In-Charge (RIC) Experience**
You will need to provide your then project title and fill in the experience matrix with the areas or experience earned on that project. A cumulative total of 48 non-overlapping months of RIC is required in all fifteen (15) boxes within the matrix. You may need to include multiple projects to accumulate the necessary experience requirements, but must have some experience in all fifteen (15) functions/roles and phases. There are also areas for you to fill out the total number of months you worked on the project, including start and end date, for each matrix you fill out.

For each experience matrix you fill out, you must have at least one reference to validate the experience you’ve listed on that project. Please provide all known client/owner information for each cited projects. We recognize specific information may not be available on projects that occurred many years ago. However, you must provide specific project information for at least two clients that you will be designating as your references. Please refer to the information below for additional information related to the project client/owner reference letter. In some cases, an exception may be made if the project client/owner is not available. In those cases, a direct supervisor or an active Certified Construction Manager (CCM), who is aware of your work on that project, may be substituted to verify the related experience.

A minimum of two (2) separate client/owner references are required; they can be from any two (2) projects that you are documenting as part of your 48 non-overlapping month requirement. Note: If one project covers the 48 months, you will still need a
minimum of two (2) client/owner references. Include current contact information for the client/owner on all projects listed for the 48-month period.

The references should be able to attest to the statement below:
“I certify that this candidate has functioned in a CM role with responsibility to enhance the management of time, cost, quality and safety on this project and/or projects (or program) upon which I am basing this certification. Also, his/her involvement has contributed to the success of these assignments and during the course of this candidate’s service; the project’s interests have been acceptably protected.”

Once the application has been submitted to CMCI, the reference will receive an email from CMCI staff requesting them to confirm the information you have provided on the application by filling out a verification form.

Section 5: Conditions and Conduct Agreement
You will need to agree to abide by CMCI’s Conditions and Conduct throughout the duration of the application process and as long as you hold the CCM credential.

Section 6: Special Accommodations Request
CMCI operates in accordance with the Americans with Disability Act (ADA) requirements. If you have any special examination requirements, you will need to fill out this section and follow-up with the accommodations needed. All accommodations will require proper documentation supporting the request from a qualified medical professional who has provided evaluation or treatment for you. Some accommodations may require an additional fee or documentation from a licensed physician. Once an accommodation has been reviewed, CMCI will contact you with the information regarding the status.

Section 7: Application Fee
The application payment must be included when you submit your application to begin the process. Applications that are not accompanied with payment are subject to delays and will not be processed until the payment has been processed.

Section II: Basic Eligibility

Certification requires 48 non-overlapping months of Responsible-in-Charge (RIC) experience. Certification also requires either general design/construction experience or formal education or a combination of both. Qualifying formal education means a CM related degree. CM related degrees are limited to the following disciplines: Construction Management, architecture, engineering and construction science, and the college awarding the degree must be accredited through ABET/ACCE/NAAB (see following paragraph).

You must fit into one of the following three categories. Place a check in the box below for the category that fits your experience.

☐ BA/BS/MA/MS Level architecture, engineering, construction (AEC) or CM qualifying accredited degree and 48 non-overlapping months RIC experience.

☐ AA/AS accredited qualifying degree, 48 non-overlapping months RIC experience, plus 4 additional years of general design or construction experience.

Define the discipline of the accredited degree you’ve earned?

☐ Architecture
☐ Architectural Engineering
☐ Chemical Engineering
☐ Civil Engineering
☐ Construction Management
☐ Construction Science/Technology
☐ Electrical Engineering
☐ Industrial Engineering
☐ Mechanical Engineering
☐ Other (Identify) _____________________________

(You are required to submit a copy of your official transcript or diploma as verification of your degree.)

☐ 8 years of general design or construction experience plus 48 non-overlapping months of RIC experience.
Section III: Employment Information

Please attach your resume and complete as much employment history as necessary to demonstrate that you have met the eligibility criteria from Section II. Start with your most recent employer.

☐ Professional Resume Attached

Most Recent Employer _____________________________________________________________

Section IV: Verification of Experience Requirements

Using the experience matrix below, please list the projects, one per matrix, where you have had RIC experience and check all the functions/roles and phases you have experience during that project. List the project title and the total number of months that you worked on the project. There are six (6) project functions/roles and five (5) project phases in the matrix below. You must have a cumulative total of 48 non-overlapping months of RIC experience. This experience must have included some experience in each of the fifteen (15) identified boxes (functions/roles and phases), in the matrix below.

Each of the fifteen (15) following experience boxes must be verified by a project client/owner (a reference for you). A minimum of two (2) different project clients/owners (references) must be submitted to verify all the required RIC experience for at least 48 months.

You are required to submit the reference(s) email address and name in order for the project to be able to be counted toward your required 48 months of RIC experience. You must include a reference for each experience matrix filled out, with a minimum of one reference per project. If you are only using one project for all of your experience, you must submit two references for that one project.

Note: Regarding verification of experience: In serving as a reference for the applicant, the reference understands that he/she is attesting to the applicant's experience in the specific areas as listed below. In some cases, an exception may be made if a project owner is not available. Your direct client supervisor or an active Certified Construction Manager (CCM) may be substituted to verify the related experience.

Note: Experience sections below are based upon the candidate having at least the minimum experience and proficiency necessary to meet the experience requirements. Parameters defining the minimum experience are provided in the applicant handbook under the Responsible-In-Charge section.

CMCI recognizes that applicants may have additional experience within the verification matrix. However, CMCI only requires the available fifteen (15) boxes within the matrix to demonstrate your 48 months of RIC experience.

Section V: Conditions and Conduct Agreement

By checking the box and signing your name in the space provided below, you agree to abide by the policies and procedures listed in this handbook and agree to abide by the Conditions and Conduct as follows:

- I hereby certify that I have read all portions of the CCM handbook and application and believe I am in compliance with all policies related to the CCM examination.
- I attest that I will adhere to CMCI’s Professional Conditions and Conduct and understand that any false statement or misrepresentation that I may make in the course of the application process may result in the revocation of this application and/or certification.
- I have not been found by a court, federal or state agency or registration board to have violated the law in the conduct of my Architecture/Engineering/Construction (AEC) or CM-related practice or to have engaged in conduct which disregards the rights of others.
- I affam that the information I submit on this application and any documents I have enclosed or forwarded, are complete, true, and correct to the best of my knowledge and belief.
- I authorize the CMCI Board of Governors (“Board” or “BOG”) to obtain any background information necessary to verify the accuracy and completeness of my responses to all questions contained herein.
- The Board reserves the right to cancel or withhold exam scores if there is any reason, in the sole judgment of the Board, to question their validity.
- I fully understand that this is only an application for examination or recertification and does not guarantee the certification.
- I attest that I will adhere to CMCI’s Conditions and will fully cooperate in any proceeding involving an alleged violation of the Standards or Professional Code. I have and will not make any false statements or misrepresentations using the CCM designation.
- I will make claims regarding certification only with respect to the scope for which certification has been granted. I will not use the certification in such a manner as to bring the certification body into disrepute; and I will not make any statement regarding the certification, which the certification body may consider misleading or unauthorized; and I will not and have not used the CCM certification in a misleading manner.
- If my certification has been suspended or withdrawn, I will discontinue the use of all claims to certification, will not mislead anyone and I will return any certificates issued by the certification body.
- I understand that the Board may audit my application to verify experience or education either prior to or after an examination is taken, or after the results are announced. I agree to cooperate with the audit and further understand that providing false information for verification of experience or education, or having others do so, is a violation of the CCM Conditions and Conduct and may result in sanctions.
- I agree that CMCI is the sole owner of the CCM certification designation, and my use of the designation is pursuant to a revocable, non-transferable license from CMCI. I will not take any actions which are inconsistent with CMCI’s ownership rights, including challenging those rights.
I understand that CMCI may make changes to the CCM certification program by its sole discretion, including with respect to eligibility, criteria, recertification, fees, and continuance or discontinuance of the program.

I agree to inform the CMCI immediately of all changes to the information included in this application while I am an applicant, and for as long as I am certified by the Board.

I hereby release from liability, and forever waive any claims, including claims for defamation, restraint of trade, breach of contract, and interference with business or contractual relations, unless due to the bad faith and malicious conduct of the person sought to be held liable, based on or arising out of the CCM certification program, including but not limited to denial or revocation of certification, that I may have against CMAA and CMCI, and their respective governing board members and employees. I further agree that, notwithstanding the foregoing, should a claim be permitted to be brought against CMAA, CMCI, or any of their respective governing board members or employees, the limit of their liability and extent of my recovery shall be any registration or application fees paid by me to CMAA or CMCI related to certification.

I agree that this Application shall be interpreted and governed by the laws of the Commonwealth of Virginia, without regard to conflicts principles, and exclusive jurisdiction for any legal proceeding resides in federal or State court in Northern Virginia, and the parties agree and expressly consent to the exercise of personal jurisdiction in the Commonwealth of Virginia.

I agree that no association, agency, apparent agency, employer/employee relationship, partnership, or joint venture is created by virtue of issuance of the CCM designation to me by CMCI or CMAA.

I possess the knowledge and skills defined by the Board of Governors in adherence to the certification criteria and will notify CMCI immediately should I be unable to perform the skills or lack the knowledge required to achieve or maintain the Construction Management Certification.

I understand that if successful, I will be listed in the online CCM registry; however, if in the future I should not want to continue to be listed in the CCM registry, I will send an email stating such to certification@cmaanet.org.

I agree to give permission to the Board, and its agents and contractors, permission to contact me by U.S. mail, electronic mail, facsimile, or through other media on matters that CMCI and CMAA believes may be of importance to me. Should I wish to be taken off the certification mailing list in the future, I will send an email request stating such a request to certification@cmaanet.org.

I hereby attest that I am personally signing this application and that I will be the individual taking the CCM examination I have applied for, solely for the purpose of becoming a CCM. I further understand that I am prohibited from transmitting information regarding examination questions or content in any form to any person or entity and understand that failure to comply with this prohibition may result in my certification being revoked and/or legal action being taken against me.
I have read, understand, and agree to be bound by the certification-related policies and procedures and Conditions and Conduct promulgated by the Board of Governors. I understand and agree that any false statements, misrepresentations, or my failure to abide by the Board’s policies and procedures and Conditions and Conduct shall constitute grounds for rejection of my application or denial of my certification.

Check the box in front of the paragraph above, sign your name or affix your electronic signature, and enter the date below.
