INTRODUCTION

The Construction Manager Certification Institute® (CMCI) is a not-for-profit organization that was formed to promote the profession of Construction Management (CM) and the use of qualified Construction Managers on projects. CMCI is a wholly owned subsidiary of the Construction Management Association of America (CMAA). The Construction Manager-in-Training (CMIT®) program is a certificate program administered and maintained by CMCI.

The mission of the CMIT program is to recognize early career professionals who have displayed high educational achievement and the desire to learn how to become competent, successful construction managers.

The purpose of the CMIT program is to develop individuals as construction managers and leaders in the CM industry and is intended and encouraged for the following persons:

- Early career professionals focused on becoming a professional construction manager.
- Graduate degree candidates working in the construction field.
- Soon-to-be and recent graduates of an accredited Engineering, Architecture, or Construction Management degree program.

The CMIT program works to continuously promote and enhance the expanding community of aspiring professionals and students in the CM industry by encouraging professional growth, facilitating new connections, and offering guidance through mentorship.

The CMIT is a professional credential recognizing practitioners who have displayed high educational achievement and the desire to learn how to become competent, successful Construction Managers. The CMIT designation demonstrates competence in the practice of CM early in an individual's construction career. Individuals who have earned their CMIT

designation demonstrate to employers and clients they are invested in the industry as well as in their own professional development.

This handbook describes the CMIT process, including:

- Eligibility requirements
- Application process
- How to apply and associated fees
- Information on the CMIT examination
- How to use the CMIT designation

DISCLAIMER

CMITs who have earned their certificate through CMCI have met the standards for the CMIT program, as defined in this handbook. Prior to granting the CMIT designation, CMCI reviews all applications and information provided by the applicant. In addition to having their application reviewed and approved, all active CMITs have also passed a comprehensive CMIT examination.

The CMIT exam is administered on an online platform. Successful achievement of a passing score is required on the CMIT exam for an individual to earn the CMIT designation. In addition, all candidates and CMIT certificate holders are required to abide by the CMIT Conditions and Conduct Agreement.

CMCI staff administers and manages the CMIT program from the national CMAA offices in McLean, Virginia. The CMIT Committee governs and provides oversight for the program. The Committee is made up of CMIT certificate holders and industry volunteers.

CMITs are not employees of the CMCI and CMCI does not represent or warrant the quantity or quality of services provided to the users of a CMIT's services, as responsibility for delivery of such services rests solely with the individual certificate holder.

STATEMENT OF IMPARTIALITY

The CMCI Board of Governors, CMIT Committee, and CMCI staff understand the importance of impartiality and conflicts in the management of CMIT certificate activities. When undertaking dealings with members and non-members, all involved in the certificate process will maintain a high level of ethical conduct and avoid conflicts of interest in connection with the performance of their duties. There shall be an avoidance of any actions and or commitments that might create the appearance of:

- Using positions for personal gain
- Giving preferential treatment
- Impeding efficiency
- Losing independence or impartiality
- Affecting adversely the confidence of CMCI constituents in the integrity of certification operations.

The CMCI Board of Governors, CMIT Committee, and CMCI staff will ensure that in its dealings with all constituents that they are and will remain impartial.

TRADEMARKS AND COPYRIGHTS

The letter sequence, CMIT, has been registered with the United States Patent and Trademark Office since March 25, 2017. This trademark, the CMIT designation, is protected under U.S. and international law and any unauthorized uses are prohibited. Violators are subject to prosecution under applicable laws. In order to use the CMIT designation, individuals or organizations must have prior, specific approval in writing from the certification office. If in good standing and having been awarded the CMIT certificate/designation by CMCI, the certificant may represent himself/herself as a CMIT.

CONSTRUCTION / PROGRAM MANAGEMENT DEFINED

CMAA defines Construction Management as a professional service that applies effective management techniques to the planning, design, and construction of a project from inception to completion for the purpose of controlling time, cost, and quality.

Program management is the practice of professional construction management applied to a capital improvement program of one or more projects from the program's inception to completion. Comprehensive Construction Management services are used to integrate the different facets of the construction process - planning, design, procurement, construction, and activation - for the purpose of providing standardized technical and management expertise on each project.

A professional Construction Manager manages the entire project and program with pre-planning, design, construction, close out, and management expertise that can assure the best possible project outcome no matter what type of project delivery method is used.

STEPS TO BECOME A CMIT

Below are the steps to earn the CMIT certificate:

1. Determine Eligibility
2. Submit application
3. Prepare for CMIT examination
4. Pass CMIT examination

Applicants for the CMIT must meet the eligibility requirements prior to submitting their application.

CMIT applicants should submit their application online, but may also submit the application by mail, or by faxing the application to CMCI. Applicants must provide phone and email contact information to facilitate email in confirming receipt of application and any necessary phone contact during or following the application process. Applications will not be processed unless all required information is complete on the application, and the application fee is paid in full.

Applicants will be required to provide proof that they meet the eligibility requirements. This can be submitted in the form of a professional resume or educational documentation, such as a copy of a degree, a transcript, or a letter from the provost or professor.

All applications are subject to audit by the CMIT Committee, CMCI staff, or the Board of Governors.

Those applicants who meet the defined criteria will be “advanced to candidacy” and are thereby approved to take the CMIT exam. Following acceptance, CMCI will send the candidate the instructions for how to access the online study material and examination.

CERTIFICATE ELIGIBILITY REQUIREMENTS

Eligibility is determined based on the information supplied by the applicant in the application form, including education or general construction/design experience. Eligibility criteria must be met for applicants to be advanced to candidacy.

NOTE

CMAA believes that all participants in projects and programs are responsible for always fulfilling their obligations in an ethical and professional manner, regardless of delivery system or contract method.

Individuals must meet at least one (1) of the following qualifications to be eligible for the CMIT program:

- Bachelor’s or Master’s degree in Engineering, Architecture, or Construction Management
- 75 credit hours toward a Bachelor’s degree in an Engineering, Architecture, or Construction Management program
- Associate’s degree or certificate in Engineering, Architecture, or Construction Management
- Four (4) years of general design/construction experience

CERTIFICATE ELIGIBILITY REQUIREMENTS CONTINUED

Educational Requirement

CMCI does not require formal education; however, a degree or transcript may be used in place of professional experience. If an applicant chooses to use their undergraduate degree, graduate degree, or credits towards a degree in place of professional experience, the following are considered qualifying degrees: Engineering, Architecture, or Construction Management.

CMCI accepts degrees from post-secondary institutions accredited by organizations recognized by the ACCE (American Council for Construction Education), ABET (Accreditation Board for Engineering and Technology), NAAB (National Architecture Accrediting Board), and CHEA (Council for Higher Education Accreditation).

If an applicant holds and wishes to apply credit for a degree from a foreign country, it must be authenticated by an approved foreign degree equivalency evaluation company. The CMCI policy on evaluating international academic credentials is located on the [CMCI website](#).

General Design/Construction Experience Requirement

If an applicant wishes to apply for the CMIT program using general design/construction experience, it must be clearly outlined in the professional resume that they submit with their application. CMCI defines general design/construction experience as any experience gained while working on or with a job site.

APPLICATION PROCEDURES

CMIT applications may be filled out online, printed and mailed, or faxed along with required documentation and payment as noted on the application. All signatures must be submitted by the applicant and statements in the application agreed to, as provided in the CMIT application. Along with meeting the eligibility requirements, CMIT candidates are required to agree to the CMIT Conditions and Conduct Agreement, as noted in the CMIT application.

Applications may be rejected for several reasons including: incomplete application, eligibility criteria not satisfied, or application fee payments outstanding. A letter of explanation will be emailed to the applicant specifying reasons for non-advancement if their application is rejected. Applicants are encouraged to make sure to include all required documentation with their application to avoid denial and/or delay.

Application Review and Acceptance Process

Once CMCI receives the application and processing fee, staff will review the entire packet for completeness and adequacy. If there is any missing material or information in the application, a detailed status report will be e-mailed to the applicant requesting additional information or clarification be provided. After the application is received with the required and supporting documentation that meets all eligibility requirements and the payment has been approved, an “advancement to candidacy” email will be sent to the applicant, providing instructions for how to access the online study material and examination.

APPLICATION PROCEDURES CONTINUED

CMIT Examination Process

After an applicant is advanced to candidacy, CMCI will send them instructions for how to access the online study material, the *Capstone Course: An Introduction to the CM Profession*, and the exam through an online portal. When the candidate is ready to take the examination, they will be able to log into the portal, take the examination, and submit their answers.

CMIT candidates are given three (3) attempts to pass the examination. On each attempt, they will be given six (6) hours to complete it. A score of 80% is required to pass the examination. Please note that scores are not rounded up and a score of at least 80% is required to pass the exam and earn the CMIT designation. Candidates must complete all attempts at the examination within one year from when their application is submitted, but the candidate can take the exam any time between when they receive the instructions to one year from when their application was submitted.

After three (3) unsuccessful attempts, the individual will have to re-apply by submitting a new application and payment before they will be able to take the exam again. Candidates must meet all eligibility requirements in effect at the time of any subsequent application submissions.

Application Expiration / Candidacy Duration

CMCI expects the application process, advancement to candidacy, and successful completion of the exam to be completed in a timely manner. Applicants advanced to candidacy have up to one year to take and pass the exam. The one-year period begins when the application is submitted and payment has been made.

Extensions beyond the one-year period may be granted for reasons beyond the control of the candidate that adversely impact the candidate's ability to take the exam, such as medical issues, military service, etc. The candidate must make a written request for an extension and attach the appropriate supporting documentation verifying the reason for the extension for CMCI's review and approval.

Expired Application Processing (Re-application)

Candidates who do not take and pass the examination within the required one-year time period or did not receive an extension from the CMCI will be placed into an expired status.

To change from expired status back to candidate status, the qualification criteria for candidacy must have remained unchanged from the time of submission of the original application. In addition, individuals must:

- ✓ Reapply by paying the CMIT application fee and submitting a signed CMIT Conditions and Conduct Agreement at the time of the request for re-activation.
- ✓ Obtain CMCI approval.

After the application is re-approved, an email will be sent to the candidate, providing instructions for how to access the online study material and examination.

APPLICATION PROCEDURES CONTINUED

Auditing of Applications

The CMCI Board of Governors and the CMIT Committee has the right to audit all applications including any resumes or transcripts supplied with the application, to verify the applicant's eligibility to take the exam. If a candidate does not meet the criteria, he or she will be declared ineligible.

CMIT Committee Statement of Non-Discrimination

The CMIT certificate program does not discriminate among applicants on the basis of age, gender, race, religion, national origin, disability, marital status, or sexual orientation.

Confidentiality

The CMIT Committee and CMCI staff adheres to best practices using strict guidelines for confidentiality of candidates, certificate holders, score results, and all certificate related materials not otherwise deemed public information. All personal data including applications, payments, scores, and contact information maintained by CMCI are stored confidentially.

CERTIFICATE FEES

Certificate Program Fees (US\$)

	CMAA MEMBER	CMAA NON-MEMBER
APPLICATION (includes study material and exam)	\$75.00	\$125.00
REAPPLICATION (for expired applications)	\$75.00	\$125.00

The CMIT application fee must be paid by providing credit card information on the application or online form or by attaching a check at the time the application is submitted.

Note: Applying to the CMIT program does not confer simultaneous membership in CMAA. Membership within CMAA is separate and is not required to apply for the CMIT program. For a list of CMAA membership benefits and for information on how to become a CMAA member, applicants should visit the [CMAA website](#).

Application Withdrawal or Refunding

All CMIT application fees are non-refundable. Current fees can be found on the CMAA website or within this handbook.

ABOUT THE EXAMINATION

Exam Format and Results

The CMIT exam is a computer-based test and is currently only offered in the English language. The exam is comprised of 200 questions in the form of both True/False questions and multiple choice questions with four response alternatives (A, B, C and D). One of the possible answers represents the single best response and credit is granted only for selection of this best response.

CMIT candidates are given three (3) attempts to pass the examination. On each attempt, candidates are given six (6) hours to complete it. Candidates who finish in less than the allotted six (6) hours can submit their answers once the examination has been fully completed. A response is required for all 200 questions before an individual is given the option to submit their responses.

Candidates must complete all attempts at the examination within one year from when their application is submitted. If the examination is not completed within one year, and an extension has not been granted, the individual will have to submit a new application, along with payment and signed CMIT Conditions and Conduct Agreement, before they will be able to take the examination again.

The results will be immediately available and are displayed on the screen once the examination is completed and submitted. After three (3) unsuccessful attempts, the individual will have to submit a new application, along with payment and CMIT Conditions and Conduct Agreement, before they will be able to take the examination again. Candidates must meet all eligibility requirements in effect at the time of any subsequent application submissions.

Exam Content and Preparation

The examination assesses general knowledge of design and construction and the information covered in CMAA's *Capstone Course: An Introduction to the CM Profession*.

Questions are written in a format that evaluates a candidate's understanding of the content covered in CMAA's *Capstone Course: An Introduction to the CM Profession*. All exam questions are written by subject matter experts.

To prepare for the CMIT exam, individuals should read and review the *Capstone Course* in its entirety.

Exam Security

All exam materials are the property of the CMCI. Reproduction and distribution of any exam questions by an applicant or any unauthorized persons is strictly prohibited. Distribution of CMIT exam materials by any CMIT or CMIT candidate is grounds for removal from the program and/or revocation of the CMIT designation.

AFTER SUCCESSFUL COMPLETION OF CMIT EXAMINATION

After the candidate achieves a passing score of 80% or higher, they will be notified by CMCI and sent confirmation for use of the designation.

CMIT Designation

Once the CMIT exam has been successfully passed by a candidate, the individual may then begin to use the CMIT designation as they have effectively earned their CMIT certificate. The certificate is valid for 7 (seven) years from the date that the candidate passes the exam.

CMIT Certificate

An online version of the CMIT certificate will be immediately available after the examination is completed with a passing score. Specific instructions for how to access the CMIT certificate will be included in the email that CMCI will send to all new CMITs.

CMIT Digital Badge

CMITs will receive an email from CMCI's partner organization, Acclaim, inviting them to accept and claim their digital badge. A digital badge is a way for CMITs to exhibit their achievement and showcase their knowledge and experience. Digital badges can be displayed in emails, social media sites, and in online resumes or electronic documents. For more information about digital badging, please see [CMAA's website](#).

Mentor Program

After an individual successfully becomes a CMIT, they will be given access to the CCM mentor directory, which enables CMITs to expand their networks and connect with leading industry professionals. For more information about the CMIT Mentor Program, please see [CMCI's Mentor Handbook](#).

PROFESSIONAL ETHICS AND DISCIPLINARY POLICIES

As a credible credentialing organization, CMCI and the CMIT Committee are committed and obligated to protect and defend the certificate program provided by the CMCI. Every candidate and CMIT certificate holder must adhere to the CMIT Conditions and Conduct Agreement.

When it is believed that a CMIT has violated the CMIT Conditions and Conduct Agreement, the first step is to complete the CMCI Complaint Form. The form may be obtained by calling or writing to the CMCI Office.

The Professional Discipline Complaint Form must be completed in its entirety, signed, and submitted with any documentation to:

CMCI
7926 Jones Branch Drive
Suite 800
McLean, VA 22102

AFTER SUCCESSFUL COMPLETION OF CMIT EXAMINATION CONTINUED

Please include all suitable documentation in support of this complaint. Upon receipt, the CMIT Committee will determine whether an inquiry can be initiated under its authority. Please understand that the CMIT Committee will consider matters regarding possible violations of the CMIT Conditions and Conduct Agreement, including falsification of applications. The CMIT Committee shall have the power to, but shall not be obligated to, investigate all allegations of unprofessional and unethical conduct that may be harmful to colleagues, owners, clients, the public, or that otherwise may be contrary to the objectives of the CMIT Conditions and Conduct Agreement provided that such allegations are made in writing and are signed by the complainant. If during the course of its investigation the Committee determines there may be additional violations of the code, the committee may investigate and reach appropriate findings regarding the additional violations.

Matters involving fraudulent use of the designation will be investigated and aggressively pursued by CMCI.

CONSTRUCTION MANAGER IN TRAINING APPLICATION

The Construction Manager Certification Institute (CMCI) is a wholly-owned subsidiary of the Construction Management Association of America (CMAA), which is a not-for-profit organization that formed in 1982 to promote the profession of Construction Management and the use of qualified CM's on projects. CMCI's purpose, among others, is to serve the public and profession of construction management through the establishment and maintenance of the CMIT program.

Breaching the CMIT Conditions and Conduct Agreement

Any individual found to have breached the CMIT Conditions and Conduct Agreement is subject to revocation of CMIT status. Information on a certificate holder supporting a complaint of noncompliance may be submitted from any source. A complaint in writing received by the CMCI staff will be referred to the CMIT Committee for investigation.

Anyone looking to submit a complaint may do so in writing to cmi@cmaanet.org.

Following receipt of an official notice of noncompliance from CMCI, the CMIT will have a 30-day period in which corrective action or response to the satisfaction of the CMIT Committee may be taken. If an appropriate response has not been received or the required corrective action has not been taken, the Committee will formally notify the CMIT by letter of revocation of the certificate.

APPLICATION CHECKLIST

The following sections must be completed and are included in this application:

- Section 1: Applicant Information
- Section 2: Employment Information
- Section 3: Education Information
- Section 4: Eligibility (Including copy of Resume and/or Transcript)
- Section 5: CMIT Conditions and Conduct Agreement
- Section 6: Payment

Failure to include the above information will result in delayed processing of your application.

APPLICATION CONTINUED

Section 1: Applicant Information

First Name _____ Last Name _____
Mailing Address Street _____ City, State, and Zip Code _____
Mobile Phone Number _____ Home Phone Number _____
Personal Email _____

Section 2: Employment Information

Current Employer _____ Position/Title _____
Employer Address Street _____
Employer City, State, and Zip Code _____

Section 3: Education Information

Name of School _____
Field of Degree Earned/Working Towards _____ Year Graduated/Expected Graduation Date _____

Section 4: Eligibility

Individuals must meet **at least one (1)** of the following qualifications to be eligible for the CMIT program. Please mark which of the following criteria you currently meet:

- | | |
|---|---|
| <input type="checkbox"/> Bachelor's or Master's degree in Engineering, Architecture, or Construction Management | <input type="checkbox"/> Associate's degree or certificate in Engineering, Architecture, or Construction Management |
| <input type="checkbox"/> 75 credit hours toward a Bachelor's degree in an Engineering, Architecture, or Construction Management program | <input type="checkbox"/> Four (4) years of general design/construction experience |

In addition to marking one of the boxes above, you must also attach your professional resume to this application. If you are using formal education as your qualifier, please also attached your degree or transcript (official or unofficial).

APPLICATION CONTINUED

Section 5: CMIT Conditions and Conduct Agreement

All CMIT applicants must agree to abide by the Conditions and Conduct Agreement:

- I hereby certify that I have read all portions of the CMIT handbook and application and believe I am in compliance with all policies related to the CMIT program.
- I affirm that the information I submit on the CMIT application and any documents I have enclosed or forwarded, are complete, true, and correct to the best of my knowledge and belief.
- I attest that I will adhere to the CMIT Conditions and Conduct Agreement and understand that any false statement or misrepresentation made in the course of the application process may result in the revocation of my application and/or certificate.
- I have not been found by any court, federal, state, or local government agency, or registration board to have violated the law in the conduct of my Architecture/Engineering/Construction (AEC) or CM-related practice or to have engaged in conduct which disregards the rights of others.
- I authorize the CMCI Board of Governors (“Board”) and the CMIT Committee to obtain any background information necessary to verify the accuracy and completeness of my responses to all questions contained in my CMIT application.
- The Board reserves the right to cancel or withhold exam scores if there is any reason, in the sole judgment of the Board, to question their validity.
- I fully understand that this is only an application for examination and does not guarantee the certificate.
- I attest that I will adhere to CMCI’s Conditions and will fully cooperate in any proceeding involving an alleged violation of the standards set forth in the CMIT Handbook. I have and will not make any false statements or misrepresentations using the CMIT designation.
- I will not and have not used the CMIT designation in a misleading manner. I agree that CMCI is permitted to impose sanctions up to and including my removal from the CMIT program if at any time I misrepresent the status of my CMIT designation. I understand that until CMCI accepts my application and I have passed the exam, I have not earned the CMIT designation.
- If my certificate has been suspended or withdrawn, I will discontinue the use of all claims to the certificate, will not mislead anyone, and I will return any certificates issued by the certification body.
- I understand that the Board and CMIT Committee may audit my application to verify experience or education prior to or after an examination is taken, as well as after the results are announced. I agree to cooperate with the audit and further understand that providing false information for verification of experience or education, or having others do so, is a violation of the CMIT Conditions and Conduct and may result in sanctions, up to and including revocation of the CMIT certificate.
- I agree that CMCI is the sole owner of the CMIT certificate designation, and my use of the designation is pursuant to a revocable, non-transferable license from CMCI. I will not take any actions which are inconsistent with CMCI’s ownership rights, including challenging those rights.

APPLICATION CONTINUED

- I understand that CMCI may make changes to the CMIT certificate program by its sole discretion, including with respect to eligibility, criteria, fees, and continuance or discontinuance of the program.
- I agree to inform the CMCI immediately of all changes to the information included in this application while I am an applicant, and for as long as I am a CMIT certificate holder.
- I hereby release from liability, and forever waive any claims, including claims for defamation, restraint of trade, breach of contract, and interference with business or contractual relations, unless due to the bad faith and malicious conduct of the person sought to be held liable, based on or arising out of the CMIT certificate program, including but not limited to denial or revocation of certificate, that I may have against CMAA and CMCI, and their respective governing board members and employees. I further agree that, notwithstanding the foregoing, should a claim be permitted to be brought against CMAA, CMCI, or any of their respective governing board members or employees, the limit of their liability and extent of my recovery shall be any registration or application fees paid by me to CMAA or CMCI related to certificate.
- I agree that my application shall be interpreted and governed by the laws of the Commonwealth of Virginia, without regard to conflicts principles, and exclusive jurisdiction for any legal proceeding resides in federal or State court in Northern Virginia, and the parties agree and expressly consent to the exercise of personal jurisdiction in the Commonwealth of Virginia.
- I agree that no association, agency, apparent agency, employer/employee relationship, partnership, or joint venture is created by virtue of issuance of the CMIT designation to me by CMCI or CMAA.
- I possess the knowledge and skills defined by the Board in adherence to the certificate criteria and will notify CMCI immediately should I be unable to perform the skills or lack the knowledge required to achieve or maintain the CMIT certificate.
- I agree to give permission to the Board, and its agents and contractors, to contact me by U.S. mail, electronic mail, facsimile, or through other media on matters that CMCI and CMAA believes may be of importance to me. Should I wish to be taken off the mailing list in the future, I will send an email request stating such a request to cmit@cmaanet.org.
- I hereby attest that I am personally signing this application and that I will be the individual taking the CMIT examination for which I have applied, solely for the purpose of becoming a CMIT. I further understand that I am prohibited from transmitting information regarding examination questions or content in any form to any person or entity and understand that failure to comply with this prohibition may result in my certificate being revoked and/or legal action being taken against me.
- I will represent my project experience accurately to my prospective clients and offer services that I am capable of delivering. I will develop my professional reputation on the basis of my direct experience and service provided, and I will only engage in fair competition for assignments.
- I will endeavor to avoid conflicts of interest; and will disclose conflicts which in my opinion may impair my objectivity or integrity.
- I will only make statements that are truthful, and I will keep information and records confidential when appropriate and protect the proprietary interests of my clients and professional colleagues.

APPLICATION CONTINUED

- I will not discriminate in the performance of my services on the basis of race, religion, national origin, age, disability, gender or sexual orientation. I will not knowingly violate any law, statute, or regulation in the performance of my professional services.
- I will avoid actions which promote my own self-interest at the expense of the profession, and I will uphold the standards of the construction management profession with honor and dignity.

- I have read, understand, and agree to be bound by the CMIT Conditions and Conduct Agreement promulgated by the Board of Governors and CMIT Committee. I understand and agree that any false statements, misrepresentations, or my failure to abide by the Conditions and Conduct shall constitute grounds for rejection of my application or denial of my certificate.
