

# CMAA CEO UPDATE

## News You Can Use FEBRUARY 2020

The end of January saw me back on the road to visit Chapters, members, and industry partners.

On January 28, I attended Charter Night for CMAA's newest Chapter, CMAA Central Pennsylvania. Over 60 people gathered in Mechanicsburg, Pa., to kick off their first year. A big shout out to the CMAA Central Pennsylvania Board of Directors. They will be at the Chapter Leaders Meeting in San Antonio – please give them a big welcome.

The next stops were Central Virginia (Feb. 10), New England (Feb. 12), and an owners' forum jointly hosted by Metro New York/New Jersey and Connecticut (Feb. 13).

On January 29, I celebrated another annual Moles Dinner, presided over by Christine Keville, FCMAA, their first female president and the winner of an ENR Legacy Award for the New England Region. Congrats, Christine!

I also visited with the editor-in-chief and publisher of ENR. We continue to build a healthy relationship with their team and 2020 will see new developments. They are keenly aware of CMAA's commitment to diversity, equity, and inclusion, as well as our continuing interest in bringing you the economic news you need. As they say, "watch this space" for more news.

I can't wait to see all of you in San Antonio in April. The Early-Bird Deadline for CMAA Focus20 is March 19. We've got great plenary speakers and a terrific education session lineup, including sessions from DBIA, LCI, COAA, CII, CSI, DRBF, and the Healthcare Infrastructure Research Group. Join us!

### REMINDERS

- We are half-way through the membership renewal season – you have until March 31. Login and renew today.
- Thinking about taking the Professional CM Course this year? There are six on the 2020 schedule already. Check it out!
- Please consider making a charitable contribution to the CMAA Foundation.
