

2020 Board of Directors Nomination Form

Overview

The CMAA Board of Directors is responsible for governing the association using best practices in association governance and focuses its attention and activities on the strategic direction of the organization. This calls for individuals prepared to make decisions regarding the best interests of the association overall and not to advocate for special or regional interests. The Nominating Committee seeks individuals with a record of demonstrated leadership experience, particularly within CMAA's regional chapters or national committees; or governance or leadership experience within other nonprofit organizations, trade associations, or professional societies (local or national).

Further, CMAA does not pay the expenses of Board members to attend meetings or CMAA national conferences. All candidates must demonstrate they have the financial support of their employers to participate or are otherwise able to meet the obligations of serving.

Finally, in order to be nominated and serve on the CMAA Board of Directors, you must be a member in good standing of CMAA.
