

2020 Foundation Board of Directors Nomination Form

Overview

The CMAA Foundation Board of Directors is responsible for governing the foundation using best practices in nonprofit governance and focuses its attention and activities on setting the strategic direction of the organization. This calls for individuals prepared to make decisions regarding the best interests of the foundation overall and not to advocate for special or regional interests. The Nominating Committee seeks individuals with a record of demonstrated leadership experience, particularly within CMAA's regional chapters or national committees; or governance or leadership experience within other nonprofit organizations or professional societies (local or national).

The CMAA Foundation Bylaws stipulate that Directors are expected to attend the three regular Board meetings held each year. The Foundation does not pay the expenses of Board members to attend meetings or other CMAA events. All candidates must demonstrate they have the financial support of their employers to participate or are otherwise able to meet the obligations of serving.

Finally, in order to be nominated and serve on the CMAA Foundation Board of Directors, you must be a member in good standing of CMAA.
